Memorandum from Prescott Childs, Chief ICAPS, to the DCI.  
Subject: "Coordination of Intelligence". 2 pp.

LOCATION: HS/HC-100P  
Item 16 ✓

BSTRACT

This memo is about coordination between ORE and the IAC members. Though the Dulles Report states that IAC agencies do not participate actively in intelligence estimates the State Dept and the AD in turn complain that they are not receiving even the subject matter of intelligence that is of dominant interest to them until it is too late. In NSCID #3 and more specifically in DCI 3/1 normal procedures for advising IAC members on intelligence data is covered, thus giving CIA no reason not to at least inform IAC agencies of subjects concerning them. Coordination is also lacking in both the "Review of the World Situation" and in current and staff intelligence which is not truly CIA's interest as national intelligence is.
